Essential Skincare Maintenance for Brides

Having worked with many faces over the years, we realize more and more the important role healthy skin plays in the makeup application process. Simply put, your makeup only looks as good as your skin. Knowing this, we're committed to helping you achieve flawless skin before, during and after you sit in our chair to create magic.

As a Finesse Bride, you get;

- A skincare routine tailored to your skin needs (acne, hyperpigmentation etc) as well as your skin type. We'll begin this routine following a virtual consultation once your booking is confirmed. This must be followed religiously right up to your big day and beyond.
- Check in every few weeks to monitor progress. We advise that Brides book their slots with us at least 4-6 months before their wedding day. This gives ample time for their skin to improve greatly if need be.
- 10% off services from any of our partner licensed estheticians from Boost Med Spa Aesthetics & Lebenam Skin.

ONE BRIDE A DAY POLICY

We uphold a **'one bride a day'** policy at Finesse by Maanaa. Seeing how important your big day is, we are committed to staying with you until you're all dressed up for your ceremony before we leave. This ensures that your look is absolutely perfect right before you say **"I DO"**

FAQs

1

Q. How early do I need to book?

A. Anytime from 6 months to the day of your event is a great time to engage our services. Bookings are made on a 'First come first served basis' so once a deposit is paid, the slot is booked off for your day!

2

Q. What safety and sanitation protocols do you have in place for your clients?

A. All our tools are washed and sanitized before and after each use. We only use authentic and safe makeup brands/products. However, please feel free to let us know if you have any special concerns or reservations

3

Q. Should I do my hair before makeup or vice versa?

A. We advise that hair should usually be done before makeup however that might not always be the case depending on the hairstyle or hairstylist working.

Please try as much as possible to engage the services of a professional coordinator so as to avoid hairstylist and makeup artist working on you at the same time. This might be a bit of a challenge and will wear you out early.
